## **Running And Stuff** James Adams

"James Adams has a rare gift. In fact he has three. He is a brilliant writer, a comedic genius and is able to push his mind and body as far as anyone I know. The thought of getting up day after day to run 45 miles in utter agony, through chronic fatigue and sickness doesn't even bear thinking about. His examination of self on that journey is utterly inspiring together with his tales from other incredible feats of endurance. Of all the books on ultra running published in recent years, this has to be the best all rounder." - Review from James Elson
