Help, My Daughter Has Scoliosis Hilary Lowne

My eldest daughter, Anna, was unexpectedly diagnosed with scoliosis in May 2010, aged 14 years. I wrote this book to help other parents with children who have been given a scoliosis diagnosis, understand what could happen to them in terms of tests, surgical intervention and subsequent recovery. The book charts Anna's progress from the shock of diagnosis to the follow-up appointment with our consultant one year after surgery in May 2012.
