"The Tablet of Fire" is a new unique belief system in that it has nothing to do with the current understandings of Satanism, it is the first of it's kind. You have read the philosophy of Satanism, now it is time to get out and practice it. This book contains everything a person will need to properly understand, worship, honor, and dedicate themselves to Satan. Also, it contains a Grimoire of unique rituals that can be practiced by one or a group: Sabbaths, Elementals, Ritual Tools, Baptisms, Black Mass, Daily Devotional Ritual, and Sacrifice of Potential Infants (the most controversial ritual of the Grimoire). "The Tablet of Fire" is not Laveyan even though it is essential you obtain a copy of Anton Lavey's works to better understand the foundations of Satanic philosophy in history. "The Tablet of Fire" is not Satanopagan in that even though it speaks about elementals and nature, it remains uniquely Satanic. Prepare to embark on a journey your mind and soul has never travelled. If you think you know about Satanism, you thought wrong. You will not be the same after reading "The Tablet of Fire".
