Life Among the Apaches: The Classic History of Native American Life on the Plains

John C. Cremony

Life Among the Apaches: The Classic History of Native American Life on the Plains John C. Cremony
One of the original seventeenth-century historical accounts of the Apaches and the southwestern American Indians.

John C. Cremony's first encounter with the Indians of the Southwest occurred in the early 1850s, when he accompanied John R. Bartlett's boundary commission surveying the United States–Mexican border. Some ten years later, as an officer of the California Volunteers, he renewed his acquaintance, particularly with the Apaches, whom he came to know as few white Americans before him had. Cremony was the first white man to become fluent in the Apache language, and he published the first dictionary of their language as a tool for the US Army.

Cremony's account of his experiences, published in 1868, quickly became, and remains today, an indispensable source on Apache beliefs, tribal life, and fighting tactics. Although its original purpose was to induce more effective military suppression of the Apaches, it has all the fast-paced action and excitement of a novel and the authenticity of an ethnographic and historical document. *Life Among the Apaches* is unrivaled in its attention to detail, and Cremony's firsthand accounts of the intricacies of daily life for the Apaches make it both an essential text on Native American culture and a truly important anthropological work.

Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
