Digital video (Video CD) is expected to revolutionize the film and video industry in the same ways that audio CDs changed the face of the audio industry. Understanding digital video technology and taking advantage of its uniqueness is the foundation on which success in this industry will be defined. The Digital Videomaker's Guide explores the creation of digital videos from concept to finished CD. Includes: an overview of the digital video market -- movies, music videos, education and training; explanations of the various computer platforms for digital video (CD-i, Video CD, CD-ROM, CD-based game machines); the legal rights; the design, production, distributing and marketing; and more.
