**A Survey of Mathematics with Applications, Books a la Carte Edition Plus NEW MyMathLab with Pearson eText -- Access Card Package (9th Edition)** Allen R. Angel, Christine D. Abbott, Dennis C. Runde

**Note:** This ISBN includes only BOOK and not The Access Card

**This edition features the exact same content as the traditional book in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook.**

In a Liberal Arts Math course, a common question students ask is, “Why do I have to know this?” **A Survey of Mathematics with Applications** continues to be a best-seller because it shows students **how** we use mathematics in our daily lives and **why this is important**. The Ninth Edition further emphasizes this with the addition of new “**Why This Is Important**” sections throughout the book. Real-life and up-to-date examples motivate the topics throughout, and a wide range of exercises help students to develop their problem-solving and critical thinking skills.

Angel, Abbott, and Runde present the material in a way that is clear and accessible to non-math majors. The book includes a wide variety of math topics, with contents that are flexible for use in any one- or two-semester Liberal Arts Math course.
