Lord and Lady Shittington, Baron Beaverlick, and The Viscount of Gobblers Knob are just some of the hilariously twisted aristocratic titles that you will find in this comically vulgar coloring book.

Elegantly swirling and curling calligraphy, beautiful patterns, and hilariously named imaginary nobility combine to create 30 one-sided aristocrass designs in this adult coloring book that is unlike any other.

What makes these noble names even more incredibly comical is the fact that they are formed by combining aristocratic titles with very real place names that range from rude and crude to just plain lewd. So, this collection of fictional nobility may initially appear to be full of class, but you will quickly discover that it's actually comically crass and filled with loads of laughs.
