## **Heretics and Scholars in the High Middle Ages: 1000-1200** Heinrich Fichtenau

The struggle over fundamental issues erupted with great fury in the eleventh and twelfth centuries. This new attitude was exhibited both in the rise of heresy in the general population and in the self-confident rationality of the nascent schools. With his characteristic learning and insight, Fichtenau shows how these two separate intellectual phenomena contributed to a medieval world that was never quite as uniform as might appear from our modern perspective.
