Internet Commerce: The Emerging Legal Framework, 2d (University Casebook Series) Margaret Radin, John Rothchild, R. Reese, Gregory Silverman

The material and discussions in this law school casebook assume familiarity with the first year legal courses, but not beyond. Subjects covered include online contracts, digital signatures, privacy, liability of Internet service providers and other intermediaries, electronic payment systems, and taxation issues. Because understanding the legal issues frequently depends on understanding the technology underlying Internet communications, glossaries for help with technical terms are provided.
