It consists of a 52 page book with 27 full-color rune cards with new symbols relating to our connections with the Angels, the Devas, Great Spirit and our own co-creative abilities. The runes are divided into four realms each with six cards and three runes representing "all realms". The rune set is easy-to-use with descriptions on each card to help you clarify your reading. In the book, expanded definitions and specific answers to our most wanted questions about: Personal and Spiritual Growth, Love and Relationship and Career and Finance are specifically addressed. It also includes a section on rune spreads for relationships, and the traditional "daily rune or quickie rune", and three rune spreads. For the more advanced reader there are reading ideas for groups and other activities with the runes. There is a section in the back of the book outlining how to make your! own personal oracle should you be so creative. The runes have been really well received for their ease of use and very easy to understand and work with.
