Laboratory Safety & Chemical Hygiene Compliance: Spiral Peter M. Dell

Updated to provide more detailed implementation guidance and information, this 162-page reference provides you with a framework for developing and implementing a site-specific Chemical Hygiene Plan that protects your employees, reduces the occurrence of damage to your property, and complies with 29 CFR Part 1910 regulations. In addition to providing discussions on Recordkeeping, Respiratory-Protection Programs, Small-Quantity Generator Requirements, and Occupational Exposure to Hazardous Chemicals in Laboratories, this manual provides new sections on a number of topics. Those topics include environmental and biological monitoring, bloodborne-pathogen protection, emergency-response plans and emergency-team planning, laboratory-waste management, hazard assessment and selection of PPE, and more. For your convenience, you'll also find forms and checklists that help you simplify implementation and a diskette of the manual that you can customize to create a site-specific compliance program.
