Anyone who has been paying attention has noticed that there appears to be a growing number of individuals who claim to be channels for spiritual entities. The stated purpose of these entities through their human hosts, seems to be altruistic enough, but is it? Archangel Michael, Gabriel, Seth, Raphael, Kryon, and others all have something to tell us. For the most part, their message seems to be much of the same; that God is love. In fact, if we will but look within, we will find god. From there we will have begun our journey from imprisonment to freedom, or self-enlightenment. Beyond these individual entities, a multitude of others exist, such as "walk-ins." Their purpose? Soul exchange. This is the belief that another spirit comes in to take over a person's life, as the previous soul moves on to either someone else, or some other purpose.
