110 CAR AND DRIVING EMERGENCIES offers quick, why-didn't-I-think-of-that answers to any problem a driver will possibly face, whether it's mechanical, electrical, weather, or an on-the-road hazard. Here is the first how-to book that shows how to calmly deal with minor problems or major hazards, in the driveway or garage or on the road far from home.

James Joseph, a longtime automobile and travel writer, has developed solutions to dealing with everything from a frozen lock to brake failure, from fixing a flat tire to extinguishing an engine fire.

Packaged to fit easily in a car's glove compartment for easy access, 110 CAR AND DRIVING EMERGENCIES is the perfect gift for a new driver or an inveterate traveler. Here are simple and clearly illustrated solutions for such things as what to do when the gas pedal jams, if the power steering suddenly quits, or if an instruments light comes on. It also provides drivers answers to such emergencies as dealing with a sudden windstorm, a flash flood, a smashed window, and engine fire, a drunk driver, or a front-tire blowout.

For ease of information, these situations are divided into Nature or Weather Related Emergencies, Situational Emergencies such as getting help on the road or dodging an object thrown from an overpass, Mechanical Emergencies, and Worst-Case Emergencies such as a rollover or a carjacking.

If you can't afford to have a personal driving instructor along, take this.
