The Rise and Progress of Religion in the Soul Philip Doddridge

Philip Doddridge DD was an English Nonconformist leader, educator, and hymnwriter. Philip Doddridge worked towards a united Nonconformist body that would have wide appeal, retaining highly cultured elements without alienating those less educated. His best known work, *The Rise and Progress of Religion in the Soul* (1745), dedicated to Isaac Watts, was often reprinted and became widely influential. It was through reading it, together with Isaac Milner, that William Wilberforce began the spiritual journey which eventually led to his conversion. It is said that this work best illustrates Doddridge's religious genius, and it has been widely translated. His other well-known works include: *The Family Expositor* (6 vols., 1739–1756); *Life of Colonel Gardiner* (1747); and *a Course of Lectures on Pneumatology, Ethics and Divinity* (1763). Doddridge also published several courses of sermons on particular topics.
