**Highland Retreats: The Architecture and Interiors of Scotland's Romantic North** Mary Miers  
A glimpse inside the jewels of Scottish country houses.

The Scottish Highlands are a hugely popular vacation destination and the setting for the richest fantasies of life in the British countryside, and this book is the first to examine the architecture, history, and appeal of the Highlands house. Readers will find breathtaking houses set amid the beautiful landscapes of Scotland, as well as the most authentic decorative use of Scottish tartan, arms, and armor, which have influenced the decoration of country houses worldwide.

This book features stunning photographs of Scotland's most remarkable and romantic country houses. Built as seasonal homes, they range from Picturesque cottages ornés and Scotch baronial castles inspired by Queen Victoria's Balmoral, to Arts and Crafts mansions and modern fantasies set among wild mountains and remote glens. A strong element of the book is the shooting lodge, designed to accommodate parties of guests who flock north for the annual sporting season.

Images from *Country Life* and specially commissioned photographs evoke the dramatic settings and arresting detail of these houses, making the book as appealing to decorators and historians as it is to travelers and sportsmen.
