Killer Doctors

Colin Evans

Killer Doctors Colin Evans

Doctors have a special position in society; they are looked up to as healers and trusted friends. This book examines thirteen cases of doctors who have cruelly exploited their privileged position to kill for lust, greed and power.

There are cases of wife murderers, children killers, homicidal mania, flights from justice, poisoners, and elderly victims who willed their physicians all their worldly goods before being murdered.

This is a macabre but highly entertaining examination of the most extreme form of medical malpractice—premeditated murder.
