Cousins Dahlia and Sunny Gordon were best friends growing up, bound by a shared love for making music that was as pure, powerful, and radiant as the California sunshine. When Dahlia's soulful lyrics combined with Sunny's soaring melodies, magic happened, and they promised they would stick together all the way to the top. But a darkness was already descending on Sunny, one that would ultimately plunge her into a nightmare of solitude and schizophrenia. And after their lives were torn apart, a quarter of a century would pass before the cousins would meet again.

After long years of fruitless struggle, Dahlia still dreams of making it in the L.A. music business, a dream that comes to rest on one song. A lucky break has brought a composition she and Sunny wrote long ago to the attention of a powerful Hollywood producer. Desperate for success, Dahlia must find her cousin in order to secure the rights to the song that will win her fame and great fortune. But the world Sunny Gordon now inhabits is a place of madness and despair, and her obstinate refusal to sign a contract only infuriates Dahlia and strengthens her resolve. There are no depths Dahlia will not sink to in order to get what she wants -- even if it means moving her tragically damaged cousin, demons and all, into her own home.

Yet selfish motives and greed are, remarkably, leading Dahlia somewhere she never imagined she'd go. For the first time since she was a girl -- and perhaps the first time ever -- she will have to put someone else's needs before her own, and her life will be unexpectedly transformed in the process.

And sometimes, even when real life reaches its cruelest and lowest ebb, miracles do happen ...
