Before the Monkeys Came

William P. Strange

Before the Monkeys Came William P. Strange

All Frank ever wanted was to play second base for the Red Sox and to be "normal", marry for love and raise a family. Born with hemophilia, Frank discovers early that one thing his life will never be is, "normal".

Struggles with the crippling effects of his disease, social prejudice and his own failures, Frank survives the sixties and seventies, until AIDS and HIV ravage the hemophilia population, and Frank finds himself in the center of the maelstrom, once again: "Just trying to survive."
