End Time Servants Yet to Come Bryan Lang

This book explores the servants prophesied of in the Bible and Latter-day scriptures. The tactic of the author was to connect the writings of many of the Old Testament prophets on the same subject with more modern books like Revelation and other more modern scriptures thus bringing ancient prophecies to life as a more complete story. This book gives the greatest compilation to date of the two witnesses that are to prophesy in Jerusalem. It also shows where the future Davidic King comes from. The theory is also presented that the servants whom John writes to in the Book of Revelation are actually symbolic of future servants yet to come. Also given are warnings of the anti-Christ and details of the roles of Zion and the 144,000.
