"This work is a model of what a philosophical text should be."?Reinhard Lauth "Breazeale's translation is fluent, precise, and perhaps most important of all . . . it is readable. . . . This is an excellent translation by the ranking Fichte scholar working in English at present, accompanied by a full, useful scholarly apparatus, likely to be of interest to Fichte scholars and all those concerned with the development of German idealism."?Review of Metaphysics "The publishing of this volume in English . . . provides us with a wealth of new material, not just about Fichte's development, but about the essentially Cartesian project that first gave rise to phenomenology in our own century."?International Philosophical Quarterly
