Elite Video 2006; Including 2 DVD's, each for 90 minutes. Play DVD's worldwide on any DVD player (recommended) or your CD-ROM drive (may require DVD decoder). Learn every feature and function step by step in an easy explained manner. Your Nikon D80 does so many things you may not be aware of, that is being revealed in this video, so take your photography to the next level without having to slog through a complicated manual. You will learn everything from the continuous shooting mode, to the shutter priority mode, preset modes, flash settings, import settings, white balance settings, memory settings, display and playback modes, focus modes, set up and custom menus, histogram, self timer, movie mode, narration over still mode and so much more. The D80 has some nice but complicated flash and focus modes that are explained in the video. You also may not know about things like the build in music slide show function or the ISO speed boost, custom functions and much more. Why just use the auto mode, when you can also do a lot more to take better photos?
