Roulette: Playing to Win Brett Morton

Roulette is a percentage game, and winning occasionally is simple. The aim is to win consistently. After watching, listening, and playing all over the world, Brett Morton distilled a wealth of information—and began to understand why he had been losing so often. Each spin of the wheel is a new and usually random event. Every spin is a fight against the casino's advantages. It was a challenge to debunk the theorists, especially those who had never played. His research and hard work proved he was right—winning consistently is possible. Morton explains the methods to use, rates many of the well-known systems, but above all brings a clear and refreshing vision to this exciting game.
