Surviving the Planet X Tribulation: A Faith-Based Leadership Guide Marshall Masters

This 432 page leadership guide with 142 color illustrations was written for faith-based tribulation leaders who are experiencing awareness compression. Its comforting, story-driven, conversational style will help faith-based leaders to quickly grasp the information and strategies required to effectively get their flocks to safety. It will also help them to understand that they are not alone, that there is divine help available, and there will be safety as many are called to come together in groups to survive what's coming and rebuild a more enlightened culture afterward.

Among us are those who have been in awareness for decades, often since childhood, through dreams, visions, and premonitions. These precious few were destined before birth to help others to anticipate tribulation events and create hope for the future by being in service as teachers, mentors, and comforters. If this role resonates with your life experience, then you are not here by chance.

FOR THOSE IN AWARENESS

You are in awareness because God intends for you to be a part of the solution. Read and study this book thoroughly to prepare yourself for your true mission and calling. Then, when a spiritual leader you admire and respect is seeing the same clear and present danger that you are, your path is simple. Hand that leader this book as you say, "You need a plan, and this is the plan that will work for what is coming. Please read it, and if you have any questions, I am always at your service."

Are you worried for yourself and your loved ones because you cannot afford a mountain of beans? Then prove that you are worth your weight in beans by using this book as a bridging tool. It will help you to establish your value as a teacher, mentor, and comforter to those whom you are in service to.

By reading and studying this book you'll experience first hand the true power of the mentoring process. Then, when the time comes, be yourself as you mentor and comfort tribulation leaders through the difficulties of awareness compression. In this way you will gain their confidence, both through your centeredness and through your devotion to serving to others.
