Bellamy and Child: Materials on European Union Law of Competition, 2016 Edition

This volume of EU competition law materials serves both as the Materials volume of the new Seventh Edition of Bellamy & Child: European Community Law of Competition, and as a free-standing work of reference in its own right. It includes legislation, notices and guidelines relevant to all areas of EU competition law (including Treaty provisions, modernisation and procedural matters, substantive antitrust matters, mergers and concentrations, sectoral regimes, public undertakings and State aids). It provides a one-stop resource for competition and antitrust practitioners worldwide. For ease of use, the book includes notes immediately below individual recitals and articles. These include the original Official Journal notes, identification of amendments and, as a major enhancement, thorough pinpoint cross-references to specific paragraphs where the relevant provisions are discussed in Bellamy & Child and also Faull & Nikpay.
