When Dr. Meg Morgan is assigned the task for conducting safety evaluations for this new chemical, it becomes obvious to everyone that she is being groomed for the top position. And only those closest to her know, she uses it as an armor for keeping anyone from coming too close - especially Nick Gallagher. But when two workers are taken critically ill, Meg embarks on a journey that leads her through a maze of corporate corruption, deceit and cover-ups. Toxic Intent explores the ethical, moral and professional dilemmas of a young scientist who is determined to put a face to the victims of corporate profit before they too simply become a statistic.
