Delmar Learning's Home Health Nutrition Patient Education Manual is the most complete resource available for the interdisciplinary home health team - nurses, speech-language therapists, occupational therapists, dietitians, social workers, case managers, and physicians. It equips you with an instant library of nutrition handouts on a wealth of topics, including: general nutrition, high-tech nutrition services, nutrition for specific medical conditions commonly seen in home health, nutrition for special populations (geriatric, pediatric, pregnant, and hospice patients), special diets, and nutrition assessment, care, and monitoring. And the all-in-one resource you need for promoting better nutrition is Delmar Learning's Home Health Nutrition Patient Education Manual. This comprehensive collection equips you with an instant library of nutrition handouts you can photocopy and distribute to patients - forms, instructions, charts, guidelines, recipes, sample diets, and more. Assorted materials for practitioners cover assessment, care, monitoring, and documentation. A complete resource, the Home Health Nutrition Patient Education Manual is an outstanding patient education tool and a convenient reference for the practitioner. •Ready-to-copy, large-print patient education handouts and practitioner reference materials •Easy, timesaving format with medical conditions organized by body systems •Addresses most prevalent home health medical conditions that are linked closely with nutrition and dietetics •Quick reference for the professional - and ready-to-use resource for patient education •Extensive materials gleaned from home health agencies, support organizations, government publications, and an extensive review of the literature. •For use by all members of the multidisciplinary team •Annual updates
