The drawings in this book started as just doodles on notebook paper but evolved into much more elaborate designs where each line is planned and important and adds a certain jazz to every page of this book.

Kaleidoscopia Coloring Books and Loni Gansmann bring you this book... Tangled Angles 4. 26 of the 52 designs are what we call "Clones". These Clones are slightly altered from the original drawings, forming another entirely unique perspective to the creative coloring experience.
