## **Online Safety (Girls' Health)** Jeri Freedman

There are many things that girls must consider today when sharing information on the Internet: how to keep their information safe from those not intended to know it, how to protect their privacy, and how to protect themselves and their money. Online harassment, or cyberbullying, has also become a life-and-death issue for teens. This volume explains the types of security risks that young women can encounter online. It also provides suggestions on ways they can protect themselves and use the Internet safely.
