When my childhood friend, Cora, dared me to write a sexy novel about a martial arts fighter, I agreed, albeit under the influence of alcohol. It was something for me—something different and exciting. It was supposed to be research, pure and simple. But then I met him—a six-foot-six mountain of a man with no name. The way his muscles flexed and rippled when he trained made my belly quiver. The way his dark hair flopped over his forehead made me want to brush it back from his strong face. His nose had been broken, but it made no difference, he was still a handsome man. He had eyes dark as the night that would land on me the minute I entered his gym...Every...Time. He was their star fighter, the one that brought in the big money. At first I feared him because of his size and the way he would look at me. But then I discovered that I was his biggest distraction, and no matter what my head told me, my heart told me to fight for the man who didn't know how to live outside of the octagon. NYT & USA Today bestselling author Lexi Buchanan brings you her new sexy standalone novel about fighting for freedom when the odds are against you.
