Find out how relearning ordinary tasks, like walking, writing, and driving require intense determination.

"This peek into the real-life trials and triumphs of a young woman who survives a horrific car crash and struggles to regain academic excellence and meaningful social relationships is a worthwhile read for anyone who needs information, inspiration or escape from the isolation so common after traumatic brain injury."

-- Susan H. Connors, President/CEO, Brain Injury Association of America

"Kelly Bouldin Darmofal's account is unique, yet widely applicable: she teaches any who have suffered TBI- and all who love, care for, and teach them--insights that are not only novel but revolutionary.
