Practitioner Research in Counselling (Professional Skills for Counsellors Series) John McLeod

‘This is a practical guide to carrying out research in counselling and the helping professions generally. It covers all major aspects of research and guides the reader through the essential processes involved, from setting up and conducting a study, to analyzing data and evaluating findings’ - *New Therapist*

This practical, informative and encouraging guide to doing research in counselling and the helping professions generally has been written with practitioners firmly in mind.

The book is a comprehensive yet accessible introduction which covers all major aspects of research and guides the reader through the essential processes involved, from setting up and conducting a study, to analyzing data and evaluating findings. In addition, the author provides guidelines for accessing research information and resources. With an emphasis on the acquisition of research skills and their practical application to counselling issues, **Practitioner Research in Counselling** shows how research can be used in a meaningful way by all practitioners.
