Male coaches who molest the female players entrusted to their care...Sexual assault of college women by male athletes...The rise of "sports bars" and topless golf...All-male teams that receive the lion's share of college athletic budgets, despite laws to the contrary. Blending eloquent personal testimonies and surprising factual evidence, author and athlete Mariah Burton Nelson explores how our culture glorifies brutality and examines how the rise of female power in this country has been matched by a growing male contempt, reflected in the increased popularity of the "manly" sports--football, basketball and hockey.

Explosive, insightful, often witty and always thought-provoking, here is an essential, in-depth look at America's male-dominated sports mania, and at the dangerous attitudes fostered behind the closed locker room door.
