Tracking encourages critical thinking; its success is determined by our ability to problem solve and think objectively. Tracking encourages advanced observation techniques and makes us sensitive to environmental anomalies. Author Freddy Osuna, a Native American and former USMC Scout Sniper, has combined the most useful techniques drawn from his years as a professional combat tracking instructor, combat Marine, and hunter to create Index Tracking. Index Tracking combines the best, most efficient, and successful tracking techniques into a single system. Using his simple, easy-to-employ search methods, you will learn to identify tracks and determine your prey's precise direction of travel. Index Tracking instructs you in the steps to trail and catch your prey quickly and effectively, while remaining aware and safe in your environment. Index Tracking provides tested, quantifiable techniques for trackers at any skill level. Index Tracking was developed for the benefit of professional and amateur trackers, and its techniques are also useful for anyone who wants to be more observant and comfortable in his or her surroundings.
