Semantics (Palgrave Modern Linguistics)

Kate Kearns

Semantics (Palgrave Modern Linguistics) Kate Kearns

Kearns' book provides a lively and engaging introduction to formal semantics. This new edition extends the scope of the first edition by providing additional material on formalization in a very accessible manner. The presentation is clear and user-friendly throughout, making this a really useful resource for use with undergraduates and beginning graduate students alike' – **Professor Louisa Sadler, University of Essex**

Semantics is the study of the literal meaning of words and the meaning of the way words are combined. This engaging introduction to formal semantics assumes no prior knowledge, providing a solid understanding of a range of semantic phenomena. Truly wide-ranging in coverage, no other introductory textbook discusses a comparable range of topics. Areas covered include:

- a beginner's introduction to type theory and the lambda calculus
- generalized quantifier theory
- referential opacity
- thematic roles and lexical conceptual structure
- aktionsarten
- tense and aspect, including Discourse Representation Theory
- event semantics

Illustrated throughout with numerous practical examples, each chapter also contains exercises, graded to three different levels of difficulty, as well as suggestions for further reading.

Thoroughly revised and expanded, this second edition includes entirely new material on type theory, lambda calculus, semantic composition and discussion of time within a narrative. Comprehensive and accessible, *Semantics* is ideal for both undergraduate and postgraduate students working at a variety of levels.

From reader reviews:

Neil Williams:

As people who live in the particular modest era should be upgrade about what going on or info even knowledge to make them keep up with the era which can be always change and move forward. Some of you maybe will certainly update themselves by examining books. It is a good choice to suit your needs but the problems coming to you is you don't know what type you should start with. This Semantics (Palgrave Modern Linguistics) is our recommendation to make you keep up with the world. Why, as this book serves what you want and want in this era.

William Chapman:

Nowadays reading books be than want or need but also become a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book that will improve your knowledge and information. The details you get based on what kind of book you read, if you want send more knowledge just go with education and learning books but if you want sense happy read one together with theme for entertaining such as comic or novel. The Semantics (Palgrave Modern Linguistics) is kind of e-book which is giving the reader unpredictable experience.

Teresa Vanhook:

People live in this new morning of lifestyle always try and and must have the time or they will get large amount of stress from both daily life and work. So , once we ask do people have spare time, we will say absolutely indeed. People is human not really a huge robot. Then we ask again, what kind of activity do you have when the spare time coming to you actually of course your answer can unlimited right. Then do you ever try this one, reading publications. It can be your alternative with spending your spare time, often the book you have read is usually Semantics (Palgrave Modern Linguistics).

Rosa Rodriguez:

Many people spending their time frame by playing outside using friends, fun activity along with family or just watching TV the whole day. You can have new activity to shell out your whole day by examining a book. Ugh, do you think reading a book can really hard because you have to take the book everywhere? It okay you can have the e-book, bringing everywhere you want in your Mobile phone. Like Semantics (Palgrave Modern Linguistics) which is obtaining the e-book version. So , try out this book? Let's find.
