The Changed One The little she-skunk was born normally along with her siblings, and she began her life as any normal four-footed striped skunk would. One day, a tiny little thing was carried upon the wind into the woods—the highly contagious Mutagenic Virus MV-257 that had accidentally escaped from a bio-tech research facility. Her life would soon become radically different, as she began the transformation into “a changed one”, and taken into the care of a human man who would discover that love comes in the most unexpected guises.
