The Heritage of Persia: Pre-Islamic History of One of the World's Great Civilizations Richard N. Frye
In spite of repeated invasion and foreign rule, the Persians have maintained their traditions and language in a remarkable continuity. "The Heritage of Persia" traces that continuity through more than a thousand years - from the time the Iranians first came upon the plateau to the Islamicisation of the land in the tenth century A.D. Professor Frye illuminates a little-known but vastly important era of history as he describes the early culture of these inventive, sophisticated, and powerful people. Here are the fabulous figures of antiquity: Cyrus and Zoroaster, the Achaemenids and the Parthians, the legends and the facts of the Iranian past - one of the greatest civilizations in human history.
