Part of the highly regarded *Diagnostic Pathology* series, ***Diagnostic Pathology: Nonneoplastic Dermatopathology, Second Edition*** is designed to improve patient care by breaking down the subject of inflammatory dermatopathology into digestible chapters, equipping physicians with the knowledge necessary to reach a confident diagnosis. Classic histologic images highlighting the most important findings are also included, making this a perfect visual aid for residents and practicing pathologists alike.

- Includes **clinical images of nearly all 275 diagnoses discussed in the book**, ensuring a better understanding of the clinical appearance of these lesions correlated with their major histologic and clinical differential diagnoses
- Features **103 new diagnoses** with an emphasis on **rare but important** diseases
- Provides **practical and accessible clinical references** for many lesions not often seen or taught outside of a specific clinical rotation in dermatology or dermatopathology
- Includes two brand new sections on **spirochetal diseases** and **disorders of pigmentation**
