# Information Technology and the Criminal Justice System

**Information Technology and the Criminal Justice System**

**Information Technology and the Criminal Justice System** suggests that information technology in criminal justice will continue to challenge us to think about how we turn information into knowledge, who can use that knowledge, and for what purposes. In this text, editor April Pattavina synthesizes the growing body of research in information technology and criminal justice. Contributors examine what has been learned from past experiences, what the current state of IT is in various components of the criminal justice system, and what challenges lie ahead.
