Realized Religion (PB): Research on the Relationship between Religion and Health Theodore J.

Chamberlain, Christopher A. Hall

Realized Religion includes research that investigates the impact of spirituality in health and healing, faith healing, religion and mental health, religion and life satisfaction, religion and mental disorders, religion and marital satisfaction, the effect of religion on suicide and the effect of religion on alcohol use and abuse. This book documents over 300 scientific studies published by reputable scientific journals demonstrating that religion has an ameliorating effect on the survival rate of surgical patients, on depression and anxiety, on suicide rates and on promotion of a healthy lifestyle. Realized Religion presents useful and helpful information to researchers and scholars who seek to understand the subtle connection between healing and spirituality. It will be an invaluable resource for libraries and others interested in the emerging field of spirituality and healing.
