By Amir Aczel Complete Business Statistics 8/E with CD by Amir Aczel [Hardcover] Amir Aczel

This clear and engaging business statistics textbook is designed to help students understand how to think statistically while providing a statistical tool kit that they can use for solving the applications, and making the business decisions, that they will subsequently encounter in their careers. Bundled with this version of the textbook, at no additional charge, is a CD with a comprehensive set of Excel templates that allow for easy computation, so that students do not have to develop themselves the Excel formulas needed for solving the problems in the book. Non-platform specific, the templates can be used regardless of the operating system of the computer, and includes full instructions for using the template and the accompanying data sets in the Student Guide to Using Excel, which is also included on the CD that is bundled with the book.
